To Whom It May Concern,

Reference for Abhishek Choudhary

I am pleased to provide this reference for Abhishek Choudhary, who completed a one-year Business Strategy Consultant and Analyst programme with SRS Dynamic India Pvt. Ltd. from September 2025 to August 2026.

During his time with us, Abhishek supported a range of commercial and strategic activities, including market and competitor research, tender analysis, KPI reporting, business planning and the preparation of information for management decision-making. He demonstrated a structured approach to analysing information and was able to turn large or sometimes incomplete sets of information into clear and practical insights.

Abhishek was reliable, professional and willing to take responsibility for his work. He showed particular strength in research, commercial thinking and communicating his findings clearly. He was also comfortable learning independently and adapting when priorities changed, which made him a valuable member of the team.

At the completion of his one-year programme, we would have been very happy for Abhishek to continue with SRS Dynamic India Pvt. Ltd. in a permanent position. However, he decided to focus on completing the final year of his degree at the University of Southampton and on further developing his professional and analytical skills before beginning his full-time graduate career. We fully respect and support his decision.

I am confident that Abhishek would bring the same commitment, curiosity and professionalism to any future organisation, and I am happy to recommend him for graduate, analytical, consulting and business-related opportunities.

Yours faithfully,
Sanjiv Kumar
Director
